

NETWORKS

Letter of Interest

Required for Consideration in the NetWorks National Externship Program

Analysis

Why do you want to do this externship, what is the need or purpose? You might want to explain the need for addressing a changing technology or program or an identified need in your community or college.

Potential Student or Program Impact (incumbent worker impact if applicable)

What will your students be able to do as a result of your externship, what knowledge and skills might they gain, what changes, what benefits do you foresee to your students or your program?

Skill Sets to be Developed

What will this externship provide you in your own professional development?

Demographics of the Project

Where might the externship take place, what partners need to be involved?

Pework Resources

Please provide any resources available to general public that we may refer to in shaping your program. Also, once this letter of interest is received, we have found it helpful to provide our externs with some pre-work, this is optional, but it may help make sure you have a successful externship so we will add to this list and return the letter of interest to you.

[insert any web sites and/or resources you know of that might be useful in creating your educational piece and/or shaping your externship program]

*When completed, email the letter of interest to:
tom.mcglew@domail.maricopa.edu*

Please include in your email subject: "Letter of Interest"
